

Named Holidays

Part-Time Employees

If requested, a part-time Employee is entitled to a replacement shift if her scheduled shift falls on a Named Holiday and her Unit is closed.

The Employee is obligated to request that her shift be re-scheduled.

Article 30.01 (c), which amends Article 18.03 (c), states that:

(c) Where a Part-time Employee is not scheduled to work on what would otherwise be a regular work day directly as a result of a Named Holiday, those hours may, at the request of the Employee, be rescheduled in the Cycle of the Shift Schedule.
